

# Welcome to our UK Regulatory Day

We help our clients to innovate, access new markets and realise global opportunities.

- Global regulatory affairs
- Consumer science
- Analytical science
- Membership services

>500 food and beverage projects per year

100 years in operation

20+ languages  
150+ territories

2 R&D Centres with 15,000 sq m labs

## What we do

### INNOVATE

Qualifying and enabling new products or technologies

### ACCESS NEW MARKETS

Supporting entry to new categories or territories

### REALISE GLOBAL OPPORTUNITIES

Aligning global activity to deliver greater efficiency and agility

Membership provides on-demand access to expertise, information and insight. It is the simplest way to do business with us.

Benefits to you:

- Access to a diverse team of highly skilled F&B consultants
- An independent perspective to challenge thinking
- Ability to focus on the things that matter

## EXPERTISE

On-demand access to SRA, Technical and Consumer Science expertise for short enquiries. A discounted rate on larger projects

## INFORMATION

Regular updates making it simple to stay abreast of industry news and developments

## INSIGHT

Content and events exclusive to members, addressing key trends

## Benefits to the business

### Efficiency

Keep up to date with the latest industry information and insight whilst removing administration that doesn't add value

- ✓ Stay abreast of global changes in regulation via our weekly **Global legal highlights** update
- ✓ Keep track of key industry news via **Daily Food News**: an update filtered and reviewed by our in-house team
- ✓ Support and upskill your team via access to our **Member only events**, discounts on *training programmes* and access to our **e-library** of white papers and industry reports

### Agility

Enable faster concept-to-market timelines by maintaining flexibility of resource

- ✓ **Simplify resource management** by addressing capacity constraints and capability gaps via access to a multi-skilled team of regulatory advisors, scientists and consumer insight professionals
- ✓ **Avoid procurement delays** as you are able use your hours as you see fit: scope, start, pause, adjust and stop projects via email to your dedicated account manager
- ✓ **Act like a start-up**: use our diverse team to incubate, qualify or create great ideas to the point at which they're ready to pass back into your pipeline

### Margin Optimisation

Focus spend where it counts and manage your cost base effectively

- ✓ **Pay only for the resource you need** avoiding factors like sick leave, training and learning curves, recruitment delays
- ✓ **Access a diverse team** of scientists, advisors and consultants to ensure the right team for each project
- ✓ Obtain **preferential fee rates** and a 10% discount on projects with us up to the value of your membership

What's in store  
today?
